Steve Moore : Wade and Shoreline Fishing the Potomac River for Smallmouth Bass: Chain Bridge to Harpers Ferry before purchasing it in order to gage whether or not it would be worth my time, and all praised Wade and Shoreline Fishing the Potomac River for Smallmouth Bass: Chain Bridge to Harpers Ferry:

3 of 3 people found the following review helpful. Wade/Shoreline Fishing the Potomac River for Smallmouth bassBy Michael A. PeckThis book is a "must have" for anyone who wades the Upper Potomac for smallmouth bass. I have read several Potomac River books that were authored by a local guide and I must say that this book is right up at the top with those books. Steve has obviously put a lot of effort into this book and it shows. I hope he has more books planned that deal with fisheing the upper Potomac- I would certainly purchase them and I have no reservations about recommending this book to anyone.3 of 3 people found the following review helpful. Great Book.By Gail DavidThis

is a great book for those of us fishing the Potomac River. I have found it extremely useful and infomative. Unlike some other fishing books I have purchased in the past, Steve's book is cleary written and gives very specific information regarding fishing conditions and locations. It is clear that Steve has personally experienced fishing at each of the locations in the book. I highly recommend it.0 of 0 people found the following review helpful. Perfect giftBy R. MooreThis was a gift for my son and he loved it. Better yet, he promised me that we would fish some of these spots together, with my grandson, of course.

This is the old version. Look for the new edition (published 2015) that includes a new access location and updated regulations wading anglers need to understand.

About the AuthorSteve is an avid, hard-core, terminally addicted fisherman. He was ruined for life when his father introduced him to the sport at the age of 8 while living in Norway. Chasing trout on mountain streams left an enduring imprint and drive to find new water... something that tortures Steve to this day. Of course, this was preordained since Steve's father (Hal Moore - coauthor of the NYT bestseller, "We Were Soldiers Once... and Young") was fishing in a local bass tournament on the morning Steve was born. His Dad claims to have had permission to go, but Steve's mother does not remember the actual facts matching that story. Winning a nice Shakespeare reel did nothing to mitigate the trouble he was in upon his return.
