**Ron McDonald : Walking in Memphis: 16 Historic Tours** before purchasing it in order to gauge whether or not it would be worth my time, and all praised Walking in Memphis: 16 Historic Tours:

4 of 4 people found the following review helpful. Wants to be a coffee table book By Warner Blake I am returning this book because it's unusable as a portable guide. The color pictures, of marginal quality, are too large; while the maps and descriptions are too small. Seems the author was writing for a 'coffee table book' that ended up as a poor quality paper back -- felt the binding would crack if opened all the way.
