Must Take Guide Book for Walks in the Bernese Oberland By An Avid Reader Initially this book looked unpromising, but after your first walk you will realize that this book is actually very helpful. Great location, and great book !! 0 of 0 people found the following review helpful. Spot-on By L. Kohn Exactly the book we needed for our village-to-village trek this summer (Wilderswil-First/Grindelwald/Wengen/Obersteinberg/Murren). Haven't used it in-country yet, but I can tell it will be our bible for

the hikes. 1 of 2 people found the following review helpful. some easy and some all day hikes  
By Claudia M  
Plenty of hikes with detail....some easy and some all day hikes. Pictures added value to set the stage for a week's worth of excellent hikes.

Over 100 walking routes in the Bernese Alps are described in this guidebook. It is an indispensable companion to the Bernese Oberland region that boasts famous peaks such as the Eiger, Monch and Jungfrau. But there are lesser-known mountains, too, that are just as scenically dramatic, and in their shadow peaceful villages and seemingly forgotten hamlets are lodged in spectacular locations. Add to that the romantic valleys, lakes, flower-filled meadows and a network of mountain huts and rustic inns for those who want to experience the Alps of the Victorian pioneers, and you'll understand why the Bernese Alps seduce the connoisseur back year after year. The guide is divided into sections on particular areas in the Bernese Oberland, for example, Grindelwald, Lauterbrunnen, Meiringen, Kandersteg, Griesalp and others. Additionally, the guidebook includes useful practical information on getting to and around the region, where to stay and how to prepare for a trip into the Bernese Alps. All this, and more, is available to the mountain hiker, and this indispensable guide will enable you to explore the very best of the Bernese mountain wonderland.

About the Author  
Kev Reynolds is a freelance writer, photojournalist and lecturer. A prolific compiler of guidebooks, his first title for Cicerone Press appeared in 1978; he has since produced 27 titles for Cicerone, with others being researched. A member of the Outdoor Writers' Guild, the Alpine Club and Austrian Alpine Club, his passion for mountains and the countryside remains undiminished, and he regularly travels throughout Britain to share that enthusiasm through his lectures.
