Lynn Arave, Ray Boren : Walking Salt Lake City: 34 Tours of the Crossroads of the West, spotlighting Urban Paths, Historic Architecture, Forgotten Places, and Religious and Cultural Icons before purchasing it in order to gage whether or not it would be worth my time, and all praised Walking Salt Lake City: 34 Tours of the Crossroads of the West, spotlighting Urban Paths, Historic Architecture, Forgotten Places, and Religious and Cultural Icons:

1 of 1 people found the following review helpful. Great book, but needs addresses.By Jane B. SwartI would have given this book 5 stars if they only would have put the actual address in where the hike begins. I'm not from Salt Lake City, and I don't know where the corner of here or there is. I use my GPS to get around, and that requires an address. Other than that, the book is great and I take it with me when I go walking.0 of 0 people found the following review helpful. UsefulBy Dorothea L.This was very useful in our stay in Salt Lake City. Take this and visit the visitor's Center in the Salt Palace. Cross reference. Don't forget Arches National Park. I left my copy in the hotel for the next person.0 of 0 people found the following review helpful. Three StarsBy bonnie gessell really wanted something with more pictures of Salt Lake City!

A new title in the Walking series, *Walking: Salt Lake City* is geared to first-time visitors to Salt Lake City--and to local residents. Both will enjoy the history and tales about places they thought they knew, and will be surprised to find walking destinations they may not have considered before. Each tour in the stylish, portable format touches on history, culture, and local architecture, plus insider recommendations on eateries, galleries, and nightlife. With clear maps depicting each walk, parking and public transit info, at-a-glance summaries and Points of Interest appendices, there's no better way to discover a city than on foot with a Walking guide. *Walking Salt Lake City* is a time-traveling guide to Salt Lake City's past and to its vibrant present. Written by Utah natives, it presents rambles of every kind. The 30+ tours explore the city's downtown, which is experiencing an invigorating renaissance. While snow-capped mountains, famous canyon resorts, and the inland sea that gave the city its name invitingly beckon hikers, skiers, snowboarders, climbers, and day-trippers, *Walking Salt Lake City* unveils tempting reasons to enjoy the urban setting itself. Thoughtfully designed, the guide offers precise directions, easy-to-follow summaries, and tips about inviting eateries and shopping havens.

"*Walking Salt Lake City* reveals undiscovered corners from Sandy all the way up to Antelope Island." --The Davis Clipper, September 2012
"*Walking: Salt Lake City* caters to tourists who have never been to Salt Lake along with locals who have forgotten the beauty of city." --Salt Lake Magazine, September 2012
"Whether you live in Salt Lake City or are just visiting, it can be easy to simply drive right by some of its historic gems without paying them a second thought. But if you're looking to explore the rich history of the "Crossroads of the West," *Walking Salt Lake City* will help you do just that." --KCPW, Salt Lake City's NPR affiliate, August 2012
"This guide includes a wide variety with something for every walker, and its compact size make it perfect for taking along on your rambles." -- The Deseret News, July 2012
