John McKinney : Walking the California Coast: One Hundred Adventures Along the California Coast (Walking the West) before purchasing it in order to gage whether or not it would be worth my time, and all praised Walking the California Coast: One Hundred Adventures Along the California Coast (Walking the West):

Discover why so much is written about the incomparable beauty of the California coast - that remarkable meeting of land and sea spanning twelve thousand miles of shoreline between Oregon and Mexico. Take the whole family for easy one-mile explorations or head out on more challenging trail walks with this guide to over 100 wondrous trips along California's magnificent coast.

From the PublisherThe most widely-read hiking columnist in the United States leads scenic day-walk adventurers through the historical and natural wonders of the California coast.
