Robert Westwood : Walking the East Jurassic Coast: Portland to Studland before purchasing it in order to gauge whether or not it would be worth my time, and all praised Walking the East Jurassic Coast: Portland to Studland:

"Walking the East Jurassic Coast" and its companion "Walking the West Jurassic Coast" will each feature up to 20 walks covering this visually stunning and geologically unique area. Packed with accessible geological and historical information, the route of each walk is overlaid onto aerial photography showing walkers the landscape and features, followed by a description of each walk and information about the area. Essential walking companion's for families and serious walkers alike, produced to a high standard whilst maintaining an affordable price. These books will appeal to

families and individuals wishing to explore and understand the area as well as, photographers, travellers, visitors to the region, geologists and local historians. They will also make an excellent gift.
