They are directed towards people more into art, design, and the more trendy locations in each city, but if that is what interests you, you will love them. They always recommend places where locals might check out and are not huge tourist traps. The restaurant and bar recommendations are always spot on!0 of 0 people found the following review helpful. Through AgainBy Carlos M. AlvaradoI love Wallpaper* City Guides and this issue is no exception. Based on its recommendations, I found a great place to have dinner and get a haircut in NYC. If you want to learn about Times Square or other tourist traps, get Frommer's or Fodor's. Wallpaper* City Guide are for those who are looking for a more unique, design-based travel experience. I'm a big fan.

"Wallpaper* City Guides are a ruthlesslyhyphen;researched, designhyphen;conscious guide, for the discerning traveller who wants to come away with a true taste of the best a city has to offer."

About the AuthorWallpaper* City Guides are compiled by the magazine's travel experts, both by in-house editors, and correspondents who actually live in the highlighted cities, providing up-to-the-minute information.
