From Phaidon Press : Wallpaper* City Guide New York (Wallpaper City Guides) before purchasing it in order to gage whether or not it would be worth my time, and all praised Wallpaper* City Guide New York (Wallpaper City Guides):

6 of 9 people found the following review helpful. Don't Buy OnlineBy Bret KauffmannFrom a content point of view it's a good book if you're just looking for a sexy not to in-depth point of view of the city.But the construction of the book is terrible.All of the pages came unglued from the binding as soon as i opened it the first time. I didn't bother to return it because who has time.In fairness I actually bought another one of their books on Sao Paulo which didn't

suffer from the same instant disintegration. But I bought that one in a bookstore where I was able to get a real feel for how it would hold up upon open and closing.

The fast-track guide for the smart traveler. A tightly edited, discreetly packaged selection of city highlights for the design-conscious visitor. Each Wallpaper* City Guide unearths the most happening restaurants and nightlife, the buzziest hotels, the most influential art galleries and enticing retail, the very best in local design, and the historical styles and contemporary architecture that define a destination. Local writers have delved deep into the urban psyche to enable you to come away from your trip, however brief, with a real flavor of the creative scene and the satisfaction you've seen all that you should."
