This book was great! It had information on everything from how to get there, where to stay, getting familiar with the area, dining out, all about Disney, exploring the rest of Orlando, and Orlando nightlife. It finishes up with 2 top ten lists, "Top ten cheap alternatives to the parks." and "Top ten fitness activities". It had an adult review and a child's review of everything. It had several game plans for seeing everything you want to see, including how to take advantage of fastpasses and what were the peak times in each part of the parks, restaurant reviews and prices, everything. It wasn't just a book about Disney. When we say it had everything, we mean it! We highly recommend this book for getting the most out of your vacation to Florida. 5 of 5 people found the following review helpful.

(After all, the trip isn't just for the kids!) The writing is easy to read, entertaining and clear, too. A definite must for anyone planning a daytrip, a weeklong vacation or a monthlong holiday.
