DK Publishing : Walt Disney World Resort Orlando (Eyewitness Travel Guides) before purchasing it in order to gauge whether or not it would be worth my time, and all praised Walt Disney World Resort Orlando (Eyewitness Travel Guides):

Disney GuideBy Kindle CustomerIf you have never been to Disney World...then this might help you on your vacation.1 of 1 people found the following review helpful. Bad information in a pretty bookBy S. JohnsonThe Eyewitness guide gives some really bad information, although the photos are nice. Some examples:1. The Magic Kingdom plan recommends taking the train to the Fantasyland station but there isn't a Fantasyland Station. This is just plain wrong.2. They recommend going to the Magic Kingdom arcade in the morning - the first two hours after park opening is the least crowded time of the day; why would you go to a video arcade and plug quarters into the machine, rather than ride the attractions you already paid to experience when you dropped a pile of cash on a Disney theme park ticket? Bad advice.3. They advise riding Dumbo mid-day - this is HORRIBLE advice. Fantasyland is hot and crowded mid-day. Visit Fantasyland first thing in the morning.4. It's a 2010 book but they still recommend the "Hydrolaters" in the seas pavilion, they have been gone since 2006, maybe longer. Again, more wrong info.5. They still recommend Body Wars Cranium Command, though both of these attractions have been closed for several years. (Epcot)6. Disney's Hollywood Studios - they don't even mention Toy Story Midway Mania, which is one of the most popular attractions in this park.Though some of the descriptions are accurate and the photos are nice, you can get much better information elsewhere. Spend your money on the newest Unofficial Guide to Walt Disney World instead - you'll be glad you did.1 of 1 people found the following review helpful. Poor Info Under the GlitzBy M.J.G.C.I was initially attracted to the fancy maps, the many color photos and the slick layout of this book. But I later was very disappointed by the contents. As I discovered from online sources, other much better books and the Disney on-line site, the DK WDW book is quite thin on the important details and even provides some bad advice. The description of FASTPASS misses important and useful details, ride descriptions are not informative enough and there is no information or tips on ticket prices or packages - even where to find them. Example: The "Top Ten" attractions in Magic Kingdom includes the carnival-like Aladdin Carpets but leaves out the Jungle Cruise, the excellent Mickey's Philharmagic and the fabulous "Wishes" fireworks show. The pathetic "Stitches Great Escape" is rated "Excellent" and no attraction receives ANY critical comments. Clearly this publisher is not providing unbiased information ... not even complete nor accurate information. Save your money. There are several vastly superior guides available, each for a lower price.
