I've been to WDW several times now and found new suggestions in this book that I look forward to trying when we return..It would be an exceptional book for a first time visit!!0 of 0 people found the following

review helpful. great intro to wdwBy EmeleeGreat book for those just learning about Walt Disney World or for those of us who enjoy reading about it between visits. After 15+ trips I still learned something new. Obviously written by someone who loves WDW and has spent a lot of time there.4 of 5 people found the following review helpful.
Excellent book to get the vacation planning startedBy Ted HathawayMy wife and I go to Disney, let's just say more than the average person. We like reading books on Disney and "71 things",we found was a very resourceful and well written book. Reading all the ride summaries and FAQ was very useful. The book really gets you to think of your favorite 71 things after you visit. Is your #1 the same as the author? Mine was..... Not my wife's though lol. But that's what's great about the book. Buy it before your trip, read it on the drive or flight, it'll get you itching to get through the gates.

Walt Disney World has plenty of great things to see and do. It has rides, games, shops, restaurants, water parks, mini golf and more. This guide is not going to tell you the things that you should see at the parks. This guide is going to tell you the things you 'NEED' to see.
