Kim Wright Wiley : Walt Disney World with Kids, 2002 before purchasing it in order to gage whether or not it would be worth my time, and all praised Walt Disney World with Kids, 2002:

15 of 15 people found the following review helpful. Covers Its Topic Well By A Customer I've bought 3 Editions of this book (1995, 2001, 2002). It was worth buying a new edition from the 1995 to 2001 gap; it really wasn't from 2001 to 2002... Hardly anything changed, so I learned a very disappointing lesson there. I like this series since it concentrates

on Kids (from infants to teenagers); it offers great advice... If you're like us, you'll probably ignore most of it, and then look back and say "Hey, she's pretty smart!" As a general guide, however, it leaves me underwhelmed. The Restaurant Reviews in particular are done at a very high level just to establish the "kid" factor. For a general guide, I much prefer Bob Sehlinger's Unofficial Guide. In addition, Sehlinger covers kids in great detail with very similar advice. If I only had one book to buy, I would pick Sehlinger's book over Wiley's in a heartbeat. Some people are put off by Sehlinger's "tell-it-like-it-is" style and consider him anti-Disney. Wiley is the opposite and rarely says a negative word. 16 of 16 people found the following review helpful. Always helpful, always on target

I've used this book for years when planning Disney travel and always find the author to be right on the money. You can tell she's a parent herself - she never has those unrealistic game plans like "see everything at Epcot in two hours" that you find in other books. Since my kids range in age from 3 to 15, I especially find her ride ratings to be helpful, especially her ratings of which ride are too scary for younger children. The dining information has also led us to some wonderful meals. But where I think she really shines is in the hotel ratings. We always stay in a Disney hotel but now that they have so many even that can be confusing. Most books just list the hotels and their prices but she goes as far as to rate them and give advantages and disadvantages of each hotel. Last time we stayed at one of her recommended midpriced hotels and were very satisfied.
1 of 1 people found the following review helpful. Invaluable guide to the first time visitor

When I was planning our first trip to WDW, I felt it was so important to get my priorities for the trip straight as the number of choices, from hotels to which rides to go on was scary. I didn't want to make a mistake and waste time once we got to Walt Disney World. This book was fantastic as a trip planner. It is written in such a readable style, just as though someone were talking to you and giving you advice. I found everything to be just as she described when I got the resort. I really feel this book had a great big hand in making our vacation as successful as it was. I'm sending a copy of the latest one to my sister and her family in England before they go. Buy it and you won't regret it.

This is the ultimate guide to family fun at Disney World and Orlando's other spectacular theme parks. Written by a kid-travel expert with the help of more than 300 families, this is the only book you need for a perfect Orlando getaway. You'll discover touring plans for families with children of all ages and interests, time- and money-saving tips, and age-related and "scare factor" ratings for rides and attractions. Inside you'll find:
Favorite attractions for kids, preteens, and teens
Tips for saving up to 20% at Disney-owned hotels
Helpful hints for avoiding crowds and lines
Updates on Disney's FASTPASS system
Detailed maps, must-see lists, itineraries, and restaurant guides
And so much more!
