Kim Wright Wiley : Walt Disney World with Kids, 2003: Including Disney Cruise Line and Universal Orlando's CityWalk and Islands of Adventure (Travel with Kids) before purchasing it in order to gage whether or not it would be worth my time, and all praised Walt Disney World with Kids, 2003: Including Disney Cruise Line and

Universal Orlando's CityWalk and Islands of Adventure (Travel with Kids):

0 of 0 people found the following review helpful. Some good info, but better books out there. By S. Cornellier
I purchased this book along with two others, WDW for kids by kids, and the Passporter WDW Resort. While there was quite a bit of helpful information in WDW for kids, much of the book was redundant (repeated itself) and I found a lot of information that was either out of date or just plain wrong. The Quick Guides (charts to restaurants, attractions, etc) are extremely helpful and nice at-a-glance resources. The helpful hint boxes scattered throughout the text are quite good also, however the book is written by a Disney affiliate employee who PUSHES readers to stay at hotels on site repeatedly throughout the book. She could probably eliminate 75 pages if she deleted repeat information, such as this. I found the Passporter guide to WDW to be much more up-to-date, extremely accurate and a better buy for the money. The info in the Passporter is written concisely without repeating and repeating and without the preachiness. Also, the Passporter extra features including fold out maps, reference charts, and inside info was much more helpful AND still covered the Disney with kids issues. WDW with kids by Wiley would be a good companion to another guide but not a great sole resource as much info is ambiguous. 14 of 14 people found the following review helpful. An excellent supplemental resource for families with kids
By debvh
I have mixed feelings reviewing this guidebook. I found its recommendations - particularly the "scare factor" ratings and "don't miss" lists of rides and attractions, and the restaurant reviews - to be better than those of the other book I used to plan my recent Disney World vacation. However, the overall presentation of information is not well-organized enough to be helpful to visitors unfamiliar with Disney World, and vacation-planning information is not nearly as comprehensive as that of other guides. The guidebook is written in a cheery conversational tone that makes for easy reading but is not well-suited for quick reference use. "Helpful hints" and "insider's tips" are presented in marginal text boxes: the information is helpful but hard to refer back to quickly. Touring tips and suggestions for developing a touring plan may be useful to those who are already somewhat familiar with Disney World but didn't help me (a Disney novice) at all; furthermore, most of the suggestions are not applicable to off-season travelers. Finally, the guide includes detailed reviews of on-site hotels but no reviews of off-site hotels. If you are a return visitor to Disney World looking for some updated help in planning your stay, this may be the only guide you need. If you have never been to Disney World, or if you are considering staying off-site, this book is worth buying but don't expect it to have all the information you need. 8 of 8 people found the following review helpful. Great guide to Disney World
By Andrew F. Rex
This is one of the best travel books ever written. We have been using it since we first traveled to Disney World in 1992, when our child was small. It was indispensable for a first-time Disney family, giving valuable hints about what to see and when to see it, to get the most out of a limited vacation time. This book is also fun to read-a very witty and breezy style, packed with information but not hard to get through while planning your trip. Over the years, we have continued to use the book every time we traveled to WDW. Each new edition has up-to-date information, and this one is no exception. There are always some helpful tidbits even for experienced park-goers. Although the book is all about managing the trip with kids, there are fantastic suggestions for what adults will enjoy seeing too, and some of the better grown-up dining experiences. You won't regret buying Wiley's book, especially at this price!

Your VIP Ticket to a Magical Family Vacation
At your fingertips is the ultimate family fun guide to Walt Disney World and Orlando's other great theme parks.
